14. Limitation of Liability

EXCEPT FOR (A) THE PARTIES’ INDEMNIFICATION OBLIGATIONS, (B) CUSTOMER’S BREACH OF CONFIDENTIALITY OR BREACH OF OBLIGATIONS IN SECTION 2 OF THIS AGREEMENT, AND (C) CUSTOMER’S GROSS NEGLIGENCE, IN NO EVENT SHALL EITHER PARTY, NOR ITS DIRECTORS, EMPLOYEES, AGENTS, PARTNERS, SUPPLIERS OR CONTENT PROVIDERS, BE LIABLE UNDER CONTRACT, TORT, STRICT LIABILITY, NEGLIGENCE OR ANY OTHER LEGAL OR EQUITABLE THEORY WITH RESPECT TO THE SUBJECT MATTER OF THIS AGREEMENT (I) FOR ANY LOST PROFITS, DATA LOSS, COST OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES, OR SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE, OR CONSEQUENTIAL

DAMAGES OF ANY KIND WHATSOEVER, SUBSTITUTE GOODS OR SERVICES (HOWEVER ARISING) OR (II) FOR ANY DIRECT DAMAGES IN EXCESS OF (IN THE AGGREGATE) THE FEES PAID (OR PAYABLE) BY CUSTOMER TO KNOWLEDGELAKE HEREUNDER IN THE TWELVE (12) MONTHS PRIOR TO THE EVENT GIVING RISE TO A CLAIM HEREUNDER.

EXHIBIT B

Service Level Policy

This Service Level Agreement for KnowledgeLake Cloud Services (this “SLA”) is a part of your KnowledgeLake Cloud Subscription Service Agreement (the “Agreement”). This SLA applies to the KnowledgeLake Cloud Services listed herein (a “Service” or the “Services”) but does not apply to separately branded services made available with or connected to the Services or to any on-premises software that is part of any Service.

If KnowledgeLake does not achieve and maintain the Service Levels for each Service as described in this SLA, then you may be eligible for a credit towards a portion of your monthly document volume. KnowledgeLake will not modify the terms of your SLA during the initial term of your subscription; however, if you renew your subscription, the version of this SLA that is current at the time of renewal will apply throughout your renewal term. KnowledgeLake will provide at least 90 days’ notice for adverse material changes to this SLA.

Monthly Uptime Calculation and Service Level

Committed Monthly Uptime Percentage: Committed uptime percentage is based on the selected service level tier.

Uptime: Defined as access to the KnowledgeLake Cloud web application. Uptime time does not include the ability to login due to dependence on 3rd party platforms outside of the control of KnowledgeLake (i.e. Azure Active Directory, Azure Infrastructure, etc.).

Downtime: Defined as the total accumulated minutes that are a part of the minutes in the month that the customer does not have KnowledgeLake Cloud web application access. Downtime does not include the minutes in which the Microsoft Azure Infrastructure experiences an outage.

Monthly Uptime Percentage: Monthly Uptime Percentage for the KnowledgeLake Cloud is calculated as minutes in the month less Downtime minutes divided by the minutes in the month in a billing month for a given Subscription. Any customer experiencing Monthly Uptime Percentage under the Committed SLA has the option to file a claim for Service Credit.

Monthly Uptime % = (Minutes in the Month-Downtime minutes) / Minutes in the Month X 100

Service Credit: Service Credits may be awarded back to the customer if the customer experiences a Monthly Uptime Percentage under the Committed Uptime Percentage and an approved Claim. The daily number of documents, based on the customers annual estimates, will be credited back to the customer's account for any days experiencing downtime. For example, in a month a customer experiences an Uptime Percentage of 98% with Downtime occurring on 3 different days. The customers estimated annual documents is 100,000. The customers estimated daily document count is 274 (100,000 / 365 Days). The customer would receive a credit for 822 documents (274 x 3 days).

Claims

In order for KnowledgeLake to consider a claim, you must submit the claim via a support ticket to our customer support including all information necessary for KnowledgeLake to validate the claim, including but not limited to: (i) a detailed description of the Incident; (ii) information regarding the time and duration of the Downtime; (iii) the number and location(s) of affected users (if applicable); and (iv) descriptions of your attempts to resolve the Incident at the time of occurrence.

For a claim related to KnowledgeLake, it must be received by the end of the calendar month following the month in which the Incident occurred. For example, if the Incident occurred on February 15th, KnowledgeLake must receive the claim and all required information by March 31st.

KnowledgeLake will evaluate all information reasonably available to us and make a good faith determination of whether a Service Credit is owed. KnowledgeLake will use commercially reasonable efforts to process claims during the subsequent month and within forty-five (45) days of receipt. You must follow the Agreement in order to be eligible for a Service Credit. If KnowledgeLake determine that a Service Credit is owed to you, the Service Credit will be applied to your current subscription.

Limitations

This SLA and any applicable Service Levels do not apply to any performance or availability issues:

1. Due to factors outside our reasonable control (for example, natural disaster, war, acts of terrorism, riots, government action, or a network or device failure external to our data centers, including at your site or between your site and our data center);
2. That result from the use of services, hardware, or software not provided by us, including, but not limited to, issues resulting from inadequate bandwidth or related to third-party software or services;
3. Caused by your use of a Service after KnowledgeLake advised you to modify specific configuration, if you did not modify that configuration;
4. During or with respect to preview, pre-release, beta or trial versions of a Service, feature or software (as determined by us);
5. That result from your unauthorized action or lack of action when required, or from your employees, agents, contractors, or vendors, or anyone gaining access to our network by means of your passwords or equipment, or otherwise resulting from your failure to follow appropriate security practices;
6. That result from your failure to adhere to any required configurations, use supported platforms, follow any policies for acceptable use, or your use of the Service in a manner inconsistent with the features and functionality of the Service (for example, attempts to perform operations that are not supported) or inconsistent with our published guidance;
7. That result from faulty input, instructions, or arguments (for example, requests to access files that do not exist);
8. That result from your attempts to perform operations that exceed prescribed quotas or that resulted from our throttling of suspected abusive behavior;
9. Due to your use of Service features that are outside of the associated supported time period;
